PROGRAM

Swipe to learn more about each roles!

Marketing

You'll be challenged on how to boost our products. Drive strategic marketing and engagement initiatives for our wide range of products.

Human Resources

You will learn the end-to-end of Human Resources in the largest Edtech company from People Analytics, Learning & Development, Talent Acquisition, etc.

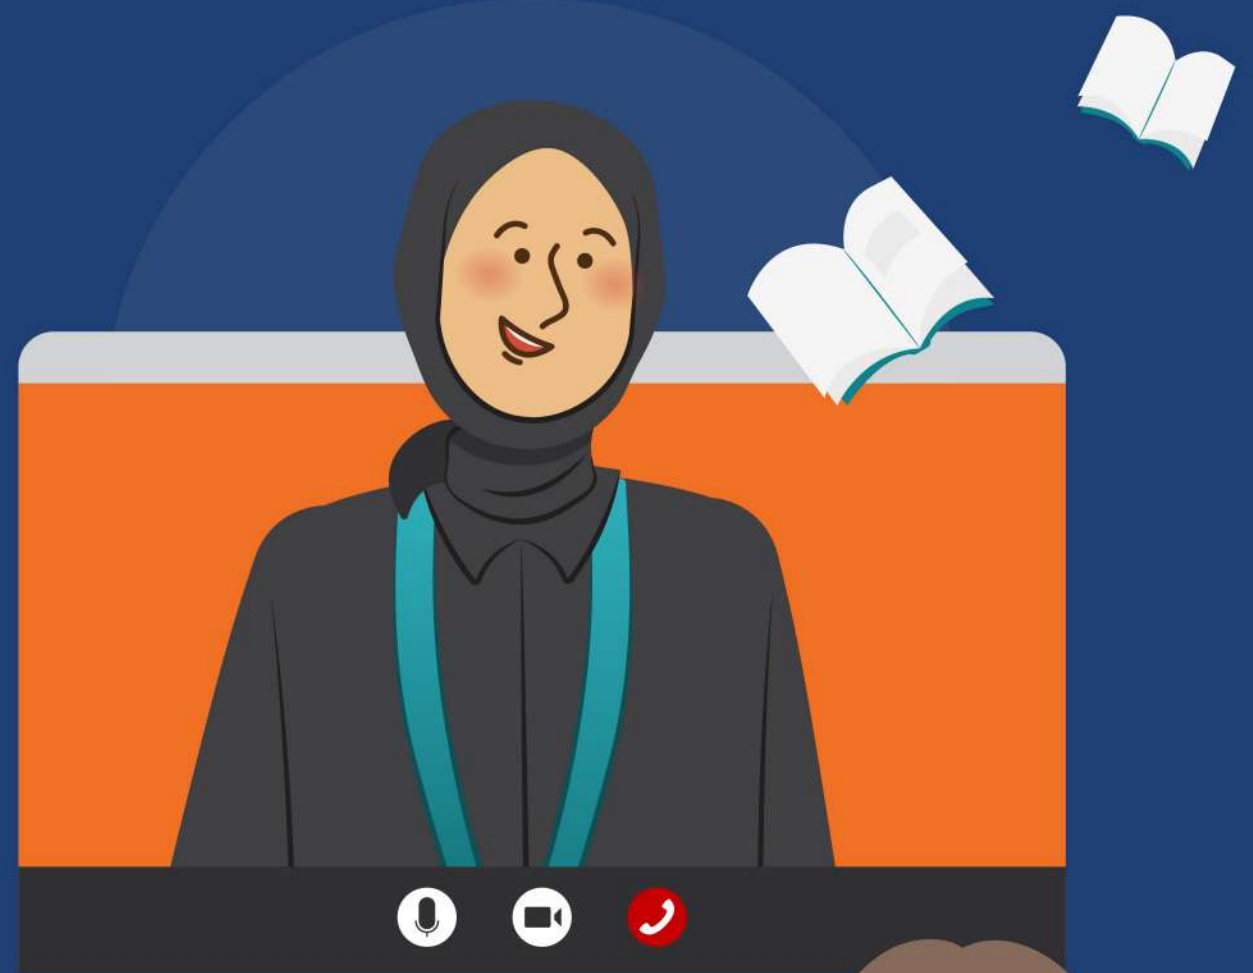

Corporate Strategy and Finance

Strategize overall business growth with prudent financial management and business analysis.

Impact

In this function, you will use technology to provide non-profit education projects to students and teachers all over Indonesia.

Academics

Our commitment in delivering exceptional educational resources of the utmost quality, meticulously tailored to meet the diverse needs of students across a wide range of Ruangguru products and services.

Commercial

You could be at the “tip of the spear” and deliver high-performing sales growth.

Business & Operations

Join the learning process in implementing project initiatives to grow penetration and usage of current offerings.

Product Management

Join the learning adventure in strategizing and leading the development and improvement of new and existing products.

Product Design

We are always obsessed with about how we can create the best user experience.
